

Early Learning

~Increased availability of formal education and professional development opportunities for early childhood professionals related to early learning standards.

~Increased access to high quality early learning, birth through third grade.

~Increased number of children meeting developmental milestones to promote school readiness.

~Increased number of programs that are accredited and/or quality rated.

~Increased number of schools that have leadership and educational environments that support young children's success.

~Increased availability of community resources and support networks for early childhood practitioners, professionals, and programs.

~Increased number of children with special needs who receive consistent early learning services and supports.

~Decreased gaps in school readiness and academic achievement between populations of children.
