

Family Support & Education

- ◆ Increased availability and family use of high quality parenting/child development information services and supports.
- ◆ Increased parent engagement and leadership at program, community and policy levels.
- ◆ Increased number of children who live in safe, stable and supportive families.
- ◆ Improved family and community knowledge and skills to support children's health and development.
- ◆ Increased family ability to identify and select high quality early childhood services and support.
- ◆ Increased availability of resources and support, including financial and legal, to promote family self-sufficiency.
- ◆ Increased coordination of services and support for families and children who are at risk or have special needs.
